

LESS CURTAILMENTS, MORE SAVINGS

pTrack®

If you're in the ICI or Demand Response in Ontario, we called 100% of peaks in the provincial grid with the fewest curtailment calls, so you can have peace of mind during peaks.

Peace of Mind Not Peaks on Your Mind

pTrack® enables you to say goodbye to guesswork, missed peaks, and too many curtailments. Hit 100% of peaks while averaging 9 or fewer curtailment calls using our prediction service.

AI-POWERED

pTrack® algorithms are best in market at predicting peaks and providing more insights and data to our customers, and will only continue to get better.

REAL-TIME

Live pricing available in both HOEP and Hourly Ontario Energy Price, so you know what you're saving in real time.

ONE PORTAL

Avoid headaches around scattered data and keep everything in one place. Whether it's ICI peaks or preparing for Demand Response, we've got you covered.

MORE REVENUE

Optimize energy use, mitigate costly spikes in electricity costs, and realize significant cost savings in the long run.

NEVER MISS A PEAK

To monitor your facility's real-time energy consumption, simply log in to Edgecom Energy's online portal or use our app. We'll send you alerts via SMS, email, and phone to make sure you're always informed about any curtailment notices.

pTrack® 12 Day Outlook

Sent each Sunday and includes a 12 day forecast of top 5 peaks

Day Before Standby Notice

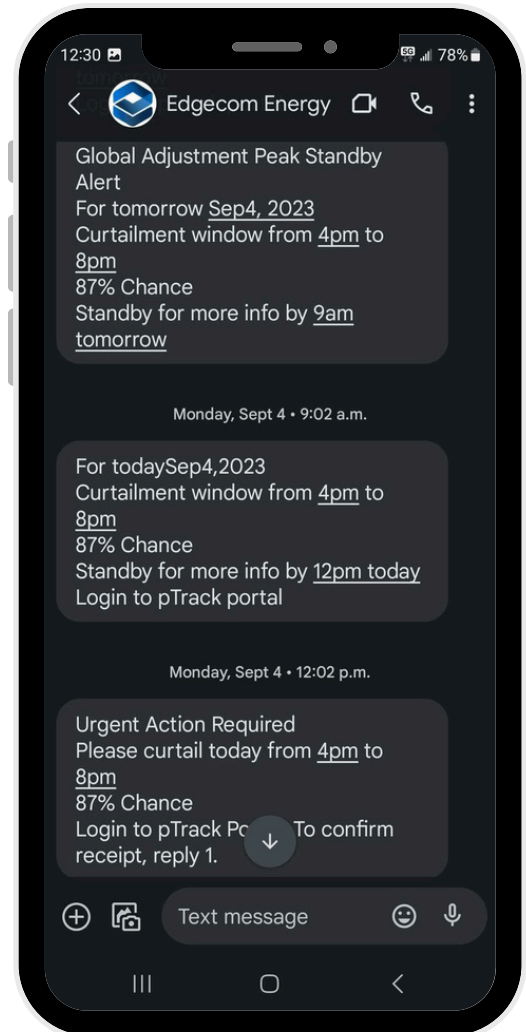

Sent a minimum of 18 hrs before a potential curtailment

Day of Stand by Notice

Sent a minimum of 6 hrs before a potential peak

Curtailment Notice

Sent a minimum of 4 hrs before a potential peak

POTENTIAL SAVINGS

The amount of savings curated is ultimately up to you, the more you are able to curtail the more you can save.

Global adjustment savings up to

\$350,000

per MW of curtailment.

WHAT CUSTOMERS ARE SAYING

”

This year, our savings are on track to reach between \$100,000 and \$120,000 in energy savings.

Brandon Hastie,
Industrial Engineer,
Bock North America

”

Edgecom Energy has been point-on, they've been 100% accurate as far as predicting these peaks.

Jake Neufeld,
Co-Owner,
Vine Fresh Acres

ABOUT US

At Edgecom Energy, we empower large energy consumers to take control of their energy costs and reduce emissions by harnessing the power of IoT and AI solutions. Our innovative technology helps you optimize energy usage, save money, and contribute to a greener, more sustainable future.

WHY CHOOSE US?

Unlike competitors offering partial solutions, Edgecom Energy offers a comprehensive platform that integrates all aspects of energy management, delivering unmatched convenience and efficiency compared to partial solutions.
